

# Business Group on Health

## About Us

### About Business Group on Health

Business Group on Health is the leading non-profit organization representing large employers' perspectives on optimizing workforce strategy through innovative health, benefits and well-being solutions and on health policy issues.

Since 1974, the Business Group has kept its membership informed of leading-edge thinking and action on health care cost and delivery, financing, affordability and experience with the health care system.

Members include most Fortune 100 companies as well as large public-sector employers and mid-sized employers, who collectively provide health and well-being programs for more than 60 million individuals in 200 countries.

### About Our Members
